BIONAUTILUS AND BIO GO-GLOBAL ANNOUNCE A COLLABORATION PARTNERSHIP TO OFFER GLOBAL, ROBUST CONSULTING SOLUTIONS

Versailles, France – San Diego, CA, USA

BioNautilus Consulting and Bio Go-Global, two life sciences consulting companies today announced a collaborative partnership agreement.

With their combined 50+ years of experience in the life sciences business, the companies Presidents see the collaboration as a way to combine efforts, know-how and problem solving abilities to better serve their clients and expand their global revenue into the future.

"The partnership will serve our clients well," said Philippe Grandjean, CEO & Founder of BioNautilus. "We want to create an even more complete offering of services. The combination of our deep expertise in the IVD and Medical Devices space in Europe and Asia with the expertise of Bio Go-Global in the U.S and Latin American markets is highly synergistic and sets a solid foundation for the success of our clients. Both companies share a combination of international domain knowledge, experience, the ability to collaborate, and the passion to make a difference."

"We are committed to the goal of helping our clients boost international business opportunities by designing and implementing customized, sustainable solutions to accelerate their global expansion," said Jeanne Brunmark, President of Bio Go-Global. "BioNautilus direct presence in local bio-clusters in Europe and Asia makes them an incredible ally in our mission to help U.S. life sciences manufacturers achieve broad commercial distribution through strategic alliances and international expansion."

About BioNautilus:

BioNautilus is an international consulting firm that detects and boosts business opportunities for diagnostic, medical device companies and for Venture Capitalists and Private Equity willing to wisely invest in these related fields.
